II. 2007 HIGHLIGHTS

- Purchase of all of Mall Plaza El Roble in Chillan for US\$32 million (assets worth US\$60 million as of December 2007).
- Negotiation of the purchase of an 83% interest in Inmobiliaria Mall Paseo de la Estación S.A., owner of the Mall Paseo Estacion located in the borough of Estacion Central in Santiago, Chile. The promise to purchase this shopping center was signed in early January 2008.
- Parque Arauco entered the Colombian market through a joint venture with Activa Constructores, a local construction company, to develop commercial projects in different cities in the country.
- An investment plan totalling US\$1.0 billion in assets was launched for the next 3 years. It includes developing different projects in Chile and in other countries in the region. As of December 2007, 65% of the projects in the plan were underway.
- Remodeling and enlargement of Mall Arauco Maipu in Santiago, Chile. The GLA¹ increased 54%, to approximately 54,000 m².
- Enlargement of Megaplaza Norte in Peru. Leasable area increased by 8,000 m².
- The GLA of Parque Arauco totals 577,570 m², taking into account the operations in Chile, Peru and Argentina. 16 shopping malls are being operated. This number rises to more than 603,000 m² when including Mall Plaza El Roble.
- Bonds were redeemed in August 2007 for a cost of approximately US\$136 million. This meant recognizing a one-time loss of approximately CH\$7.8 billion (US\$MM15.6) because of prepayment costs and the amortization of goodwill.
- The organization was completely restructured to withstand the aggressive expansion plan launched by the company. Corporate Divisions were created that will be responsible for leading the company's regional development.

IV. ANALYSIS OF CONSOLIDATED INCOME

→ Operating income: rose 21%, to Ch\$21.427 billion (US\$MM 43.1), mainly because:

- the income of Megapaza Norte (Peru) was included. It began to be consolidated in December 2006; and
- Chile made a greater contribution. New areas like Boulevard del Parque and the new Home & Design Zone were consolidated;
- The income of Mall Plaza El Roble was included for December 2007.

→ Operating Income: rose 25.7%, to Ch\$46.058 billion (US\$MM 92.6) due to the increase in sales in the Chile operation and the consolidation of the operations of Megaplaza in Peru.

→ Operating Expenses: increased 26% in 2007, to Ch\$17.372 billion (US\$MM 34.9), mainly because of the inclusion of the shopping center in Lima and the rise in electricity costs as well as the increase in depreciation for the fiscal year, the product of the increase in investments.

→ Operating Margin: totaled Ch\$28.868 billion (US\$MM 57.7) in 2007. This represents a growth of 275 compared to the previous year. The cumulative gross margin was 62.3% of sales as of December 2007, compared to 61.8% in the same period of the previous year.

→ Selling, General & Administration Expenses (SGA): climbed by Ch\$2.268 billion (US\$MM 14.6), mainly the result of including the Peru operation. SGA went from 13.6% in 2006 to 15.8% of sales in 2008. This increment came mainly from the percentage increase in expenses in Chile and the increase in expenses because of the consolidation of the Peru operation. There the expenses are higher as a percentage of sales than the base for the previous year.

→ EBITDA: was Ch\$26.349 billion (US\$MM 53.0), a reflection of the Chile and Peru operations that meant an increase of 21%. The Proportional Ebitda² amounted to Ch\$ 39.005 billion (US\$MM 78.5).

→ Non-Operating Loss: of Ch\$13.555 billion (US\$MM 27.2), Ch\$11.026 billion higher than the previous year. The difference can be explained as follows:

- Bonds were redeemed in August 2007 for approximately US\$MM 136. This entailed recognizing a one-time loss of approximately Ch\$7.800 billion (US\$MM15.6) because of prepayment costs (Ch\$4.479 billion) and goodwill amortization (Ch\$3.303 billion). Through this transaction, PASA substantially reduced the cost of debt because it went from a rate of UF+6.26% to one of UF+4.25% on the new loan. This will translate into lower interest expense of around Ch\$1.400 billion annually that will be seen in the increase in cash generation in the future.

² Proportional Ebitda: means the consolidated EBITDA + the percentage share in the EBITDA of companies related by ownership (APSA: 31.6%, Marina Arauco: 33.3%, and Curico: 33.3%).

- Inflation rose in the year as compared to 2006, which meant increases of approximately Ch\$5.147 billion in price-level restatement losses.

Partially offset by:

- An increase of Ch\$2.331 billion in interest income given the better liquidity resulting from the capital increase made in December of last year and the improved performance of our investments in Argentina Alto Palermo S.A. and Inmobiliaria Mall Viña del Mar S.A.
 - A rise of Ch\$1.556 billion in the profit on investments in related companies, the product of an increase in profits recognized for Alto Palermo (growth of 36%) and Inmobiliaria Mall Viña del Mar (growth of 48%).
- Net Profit: totaled Ch\$5.759 billion (US\$MM 11.5), Ch\$8.581 billion less than the previous fiscal year, mainly due to the non-recurring losses because of the bond prepayment.
- Adjusted Net Profit³: amounted to Ch\$18.688 billion (US\$MM 37.6) because of the non-recurring losses.

VI. REGIONAL EXPANSION - FUTURE PROJECTS

→ New Corporate Strategy:

- 1) Intensify the **internationalization** to the other countries in Latin America.
- 2) Expand the Company's regionalization by **expanding in provinces in Chile**.
- 3) Strengthen the growth in existing assets by **investments that make actual shopping malls more attractive**.
- 4) Develop **new concepts and formats** for growth (strip malls, power centers, neighborhood malls).
- 5) Create **alliances with relevant retail players** who already have an excellent positioning in real estate.

→ In this context, Parque Arauco S.A.:

- is consolidating the inclusion of Mall Plaza El Roble, purchased in its entirety by Parque Arauco S.A. in December 2007. It is located in downtown Chillan.
- is enlarging Mall Paseo Estacion to include an anchor store, a home improvement store and other smaller stores. The GLA will increase to 54,000 m².
- is building two office towers at Parque Arauco Kennedy. They are scheduled for inauguration in the second half of 2008.
- is building, as part of its new format development, a strip mall in the borough of Maipu (to be inaugurated in 2008) and a neighborhood mall in the Quilicura sector (to be inaugurated in 2009).
- is developing 3 new shopping centers in Peru. Of particular note is Parque El Golf in San Isidro.
- recently bought land in Chorrillos, Lima, to build a strip mall.
- is developing an expansion plan for Colombia where PASA expects to build shopping malls in some of the major cities.

In mid-2007, Parque Arauco announced an aggressive expansion plan for the period 2007-2009 that includes investment projects appraised at US\$1.0 billion, both for the Chilean and regional markets. At the end of December 2007, approximately 65% of the projects are underway or approved. These new projects will double the GLA to nearly 1.2 million square meters by 2009.

Taking into consideration these new developments and the company's acquisitions, the consolidated EBITDA is expected to rise nearly 40% in 2008.
